DEVENDER SHARMA

FULL-STACK MERN DEVELOPER

Shimla, Himachal Pradesh, India +91 8627817970 shandilsharma1010@gmail.com github.com/sunny-sharma85 linkedin.com/in/devender-sharma

PROFESSIONAL SUMMARY

BCA Graduate based in Shimla with strong expertise in full-stack web development using the MERN stack (MongoDB, Express.js, React.js, Node.js). Skilled in modern frontend styling with Tailwind CSS, state management, REST API architecture, and dynamic UI/UX design. Passionate about building responsive, accessible, and performance-optimized web applications.

TECHNICAL SKILLS

Frontend:	JavaScript (ES6+), React.js, HTML5, CSS3, Tailwind CSS, React Router
Backend & Database:	Node.js, Express.js, MongoDB, Mongoose, RESTful APIs
Tools & Workflow:	Git, GitHub, Vercel, Postman, VS Code, npm

KEY PROJECTS

Movie Search Application

React.js | REST API

- Developed a fully responsive movie discovery web app allowing users to search titles and view detailed ratings and posters dynamically.
- Integrated external Movie Database REST APIs with seamless error handling and loading indicators.

Note Management Application

React.js | HTML5 | CSS3 | CRUD

- Built a dynamic note-taking application implementing complete CRUD (Create, Read, Update, Delete) functionality.
- Designed clean component states and modern UI elements to optimize user workflow and note organization.

EDUCATION

Bachelor of Computer Applications (BCA) **(CGPA: 6.78)**

Shimla, Himachal Pradesh | 2023 – 2026

Focused on core software engineering principles, data structures, database management systems, and full-stack web development.
